

I Just Sing

The Troggs

When my luck is down and I can't think of the things
I just go to my bed, lay my hands on my head
I open my mouth and I sing, yeah I just sing
Yeah I just sing
I just go to my bed, lay my hands on my head
And I sing.

When we're out and you start moving that thing
Well, it goes to my head and I start seeing red
I open my mouth and I sing, yeah I just sing
Yeah I just sing
Well, it goes to my head and I start seeing red
And I sing...

Well, it goes to my head and I start seeing red
And I sing.

When I think I'm right and you, you think I'm wrong
It just goes to my head and I start seeing red
I open my mouth and I sing, yeah I just sing
Yeah I just sing...
