

Suspicious

The Troggs

I'm not too suspicious but something worries me
That every time that he's in town, you're not around with me, oh baby

(Oow oow oow) baby

(Oow oow oow) worries me, it worries me

(Oow oow oow) baby (oow oow oow) worries me, it worries me

I'm not too suspicious but it sure worries me

You went to a party, said you really had to go

When I called 'round at half past two

They said you didn't even show, oh baby

(Oow oow oow) baby

(Oow oow oow) worries me, it worries me

(Oow oow oow) baby (oow oow oow) worries me, it worries me

I'm not too suspicious but it sure worries me

You've really got me worried, my mind is in a mess

You're sure you haven't been with him?

Don't tell me, let me guess, oh baby

(Oow oow oow) baby

(Oow oow oow) worries me, it worries me

(Oow oow oow) baby (oow oow oow) worries me, it worries me

Well I'm not too suspicious but it sure worries me

I'm not too suspicious but it sure worries me

You've really got me worried, my mind is in a mess

You're sure you haven't been with him?

Don't tell me, let me guess, oh baby

(Oow oow oow) baby

(Oow oow oow) worries me, it worries me

(Oow oow oow) baby (oow oow oow) worries me, it worries me

Well I'm not too suspicious but it sure worries me

I'm not too suspicious but you've been seen with him

And I don't think that it's too much to ask you where you've been, oh baby

(Oow oow oow) baby

(Oow oow oow) worries me, it worries me

(Oow oow oow) baby (oow oow oow) worries me, it worries me

I'm not too suspicious but it sure worries me

(Oow oow oow) baby

(Oow oow oow) worries me, it worries me

(Oow oow oow) baby (oow oow oow) worries me, it worries me

I'm not too suspicious but it sure worries me
