

What You Doing Here

The Troggs

What you doing there, stood in front of me
Ain't there some place else you oughta be
You should be home with him, by the fireside
Or he'll find out the secret that you hide

Would be so easy to fall in love with you
I couldn't help it if I tried
I'd spend the whole night making love to you
Over and over and over again

What you doing here, don't you know its wrong
I'm sure that he'll find out before too long
So if the moment comes and you have to choose
I don't wanna be the one to lose

Would be so easy to fall in love with you
I couldn't help it if I tried
I'd spend the whole night making love to you
Over and over and over again

What you doing here, remember what i said
I tried but i can't get you out my head
You better leave me now but just before you go
I've got something that you ought to know

Would be so easy to fall in love with you
I couldn't help it if I tried
I'd spend my whole life making love to you
Over and over and over again

What you doing here, stood in front of me
Ain't there some place else you oughta be
You should be home with him by the fireside
Or he'll find out the secret that you hide

Would be so easy, to fall in love with you
I couldn't help it if I tried
I'd spend my whole life making love to you
Over and over and over again

What you doing here
What you doing here
What you doing here
What you doing here...
