

# Outside Lookin' Inside

The Tubes

I feel something special about that hit there  
It's a hit, you play this and boom  
I have rhythm, I just, yeah, automatically  
It was there

After the last album, I said  
If they don't put you on top of the platter on this one  
Then what it's like  
You're from the inside looking out there

I'm on the outside  
Even though I'm right now I'm inside the tube  
But I'm telling you how it is from the outside  
Outside looking inside

Outside looking inside, outside looking inside  
Outside looking inside, outside looking inside  
Outside looking inside, outside looking inside  
Outside looking inside
