

Dance This Dance

The Turtles

When I'm down it seems
You drift through my dreams
My little dancin' doll
Come waltzin'

Ahhhhh
In your arms
Where I could be free

Hear my dancin' doll
Hear me when I call
Take me into your heart completely

Ahhhhh
In your arms
Where I need to be

Dance this dance with me
Dance this dance with me
On and on and on

Every time you say
I can feel you say
I would be proud to say
I love you

Ahhhhh
In your arms
All the care in my lonely life
No more

Dance this dance with me
Dance this dance with me

Ahhhhh
In your arms
All the care in my lonely life
No more

Dance this dance with me
Dance this dance with me
Dance this dance with me
Wahhh ah ah ah ah
