

I Can't Stop

The Turtles

I can't stop
Feelin' so good inside
I used to be blue
'Cause I never knew
You could be mine

I can't stop
I'm burstin' out with pride
I used to be sad
'Cause I never had
You by my side

And then one day
You walked my way
I met you
Just wouldn't let you
Get out of my sight, girl
'Cause you were so right, girl
The minute I might, girl
You got me uptight, girl

I can't stop
I've got to tell the world
That you wanted me
So, I'm gonna be
Truer than true

Hey, hey, hey, hey!
Then one day
You walked my way
I met you
I just couldn't let you
Get out my sight, girl
Cause you were so right, girl
For a minute I might, girl
You're so out of sight, girl

I can't stop
I've got to tell the world
Baby
I can't stop
I've got to tell the world
Baby, baby
I can't stop
