

John and Julie

The Turtles

I am indeed
John and Julie
You should know me

If you know me
I'm with envy
John and Julie

John and Julie
Sailed away, far away, years away
Making love again

I'm with them every day
See them play in their play
They know who I am

You should know me

John and Julie

John and Julie
Sailed away, far away, years away
Making love again

I'm with them every day
See them play in their play
They know who I am

I am indeed
John and Julie
You should know me

If you know me
I'm with envy
John and Julie
