

She Always Leaves Me Laughing

The Turtles

Don't tell me why you're leavin' me
I think I already know
I'll just laugh so the pain doesn't show

Don't try to play your game on me
That's such a stop then go
Think I'll have one more laugh for the road

Every time this happens to me I can say
I don't need your lovin' now anyway
My love was the best and she'll crave it some day
She always leaves me laughin' now anyway
Always leaves me laughin' now anyway-ay-ay

Don't tell me why you're leavin' me
I think I already know
I'll just laugh so the pain doesn't show

Every time this happens to me I can say
I don't need your lovin' now anyway
My love was the best and she'll crave it some day
She always leaves me laughin' now anyway
Always leaves me laughin' now anyway-ay-ay

She always leaves me laughin', now
She always leaves me laughin', now
She always leaves me laughin', now
She always leaves me laughin', now
