

Another Bed

The Twilight Sad

The reminder
That we don't know who you are
And I preferred her when you lied
And I preferred her when she took all night
To start and gone, to start undone
You'll find it in another bed
Another bit on the side
And I preferred her when she took all night
And you are only wandering home

I'll find you, you are older
I'll want you when it's over
When you're waiting for the door to go
And now you're breaking your back in the new low
You're waiting for the door to go
And now you're breaking your back in the new low

I'll find you, don't worry

And I preferred her when you lied
And I preferred her when she took all night
To start and gone, to start undone
A little bit on the side
And I preferred her 'cause she took all night
And you are only wandering home

I'll find you, you are older
I'll want you when it's over
When you're waiting for the door to go
And now you're breaking your back in the new low
You're waiting for the door to go
And now you're breaking your back in the new low

I'll find you, don't worry

And leave, you're out of my house now
So he will never know
Leave, you're out of my house now
So he will never know

I'll find you, you are older
I'll want you when it's over
When you're waiting for the door to go
And now you're breaking your back in the new low
You're waiting for the door to go
And now you're breaking your back in the new low

I'll find you, don't worry
