

Ebb Tide, Azure Sky

The Unicorns

There is a place where,
There is a place where,
There is a place where,
There is a place where,
There is a place where,
There is a place where,
There is a place where,
There is a place where no clouds go.

And you know
That when you go
No one may follow
No one may follow.

When we arrived in picturesque paradise
We lay on our backs and the open sky looked so nice.
This is a place where your legs don't chaffe
Can't come back I gotta' swim in synch with the north star.
