

# Stolen Moments

The Vamps

You tell me I'm a friend  
But confused minds and blurred lines  
Have brought it to an end  
And all that is left now is  
Where it's gonna end?  
And I don't know  
No...

Used to be enough, to have you around me  
Before we said too much  
Now you can't be around me  
'Cause now you find it hard  
Not to drop your guard  
Oh, not to drop your guard

I'm breaking in to steal it all  
And I'll escape with every stolen moment  
That I spend with you  
Call me a thief, girl if you want  
But piece by piece I take each stolen moment

There's no way to defend  
But you pull all the walls down, it's harder to pretend  
That I don't want it all now  
I need it even more  
Every time you go  
I hate to ask you, go

I'm breaking in to steal it all  
And I'll escape with every stolen moment  
That I spend with you  
Call me a thief, girl if you want  
But piece by piece I take each stolen moment  
That I spend with you

We're the puzzle I can't fix  
Million pieces still missing  
When I look at you and me, I still can't tell what this is  
But it's out of my control  
Love's a hole  
You say you don't wanna fall in  
But you keep falling

I'm breaking in to steal it all  
And I'll escape with every stolen moment  
That I spend with you  
Call me a thief, girl if you want  
But piece by piece I take each stolen moment  
That I spend with you  
Oh, that I spend with you  
Oh, that I spend with you, eh  
That I spend with you  
That I spend with you
