

Oh Yes (it's A Mess)

The Wannadies

So you really fooled me,
Well I wouldn't know
I'm too naive or too big hearted,
To part of these things
I sincerely hope it feels good now,
I hope you're happy too
And let's pretend it doesn't make me,
Full of hatred, shall we

Oh yes, it's a mess
But we'll get by, we'll be fine
Oh yes, we're so sweet
Have a bite of starlight

I sense a taste of anger,
Of sweet bitterness
I must be wrong,
Cause there's no home
For moaning where I live
I never ever seem to have a clue,
Though everybody knows
I guess it's because it's no fun,
Fucking someone you really like

Oh yes, it's a mess
But we'll get by, we'll be fine
Oh yes, we're so sweet
Have a bite of starlight
Oh yes, it's a mess
But we'll get by, we'll be fine
Oh yes, we're so sweet
Have a bite of starlight

Oh yes, oh yes, oh yes
Uh oh, uh oh, uh oh
