Often

The Weeknd

```
Gm                                  Cm
I usually love sleeping all alone
                                       Dm
This time around bring your friend with you
                                     F
But we ain't really going to sleep at all
                                          Gm
You ain't gonna catch me with them sneak pictures
                           Cm
In my city I'm a young god
                             Dm
That pussy kill be so vicious
                              F
My god white, he in my pocket

Get me redder than the devil 'til I go nauseous
```

[Chorus]

```
Gm                                              Eb
Ask me if I do this every day, I said "Often"
                                                   Cm
Ask how many times she rode the wave, "Not so often"
                                          F
Bitches down to do it either way, often
                                         Gm
Baby I can make that pussy rain, often
                                 Eb
Often, often, girl I do this often
                                         Cm
Make that pussy poppin', do it how I want it
                                 F
Often, often, girl I do this often

Make that pussy poppin', do it how I want it
Gm
Often
```

[Verse 2]

```
                              Cm
Infatuated by the fame status
                                          Dm
She wanna ride inside the G-Class Grain, matted
                                             F
I come around, she leave that nigga like he ain't matter
                                             Gm
That girl been drinkin' all day, need to change bladder
                                        Cm
She's just happy that the crew's back in town
                                     Dm
She's 'bout to go downtown for a whole hour
                                                F
If I had her, you can have her, man it don't matter
```

I'm never sour, I'm just smokin' somethin' much louder

[Chorus]

Gm   Eb
Ask me if I do this every day, I said "Often"
                                                         Cm
Ask how many times she rode the wave, "Not so often"
                                   F
Bitches down to do it either way, often
                                      Gm
Baby I can make that pussy rain, often
                          Eb
Often, often, girl I do this often
                                         Cm
Make that pussy poppin', do it how I want it
                            F
Often, often, girl I do this often

Make that pussy poppin', do it how I want it
Gm
Often

[Bridge]

Gm   Cm
Oooh, the sun's risin' up
               Dm
The night's almost up
              F
The night's almost done
        Gm
But I see your eyes
           Cm
You wanna go again
            Dm
Girl, I'll go again
           F
Girl, I'll go again

[Chorus]

Gm   Eb
Ask me if I do this every day, I said "Often"
                                                         Cm
Ask how many times she rode the wave, "Not so often"
                                         F
Bitches down to do it either way, often
                                      Gm
Baby I can make that pussy rain, often
                             Eb
Often, often, girl I do this often
                                        Cm
Make that pussy poppin', do it how I want it
                            F
Often, often, girl I do this often

Make that pussy poppin', do it how I want it
Gm
