

Another Tricky Day

The Who

You can't always get it
When you really want it
You can't always get it at all
Just because there's space
In your life it's a waste
To spend your time
Why don't you wait for the call

(Just gotta get used to it)
We all get it in the end
(Just gotta get used to it)
We go down and we come up again

(Just gotta get used to it)
You irritate me my friend
(This is no social crisis)
This is you having fun

(No crisis)
Getting burned by the sun
(This is true)
This is no social crisis
Just another tricky day for you

You can always get higher
Just because you aspire
You could expire even knowing
Don't push the hands
Just hang on to the band
And you can dance while
Your knowledge is growing

(It could happen anytime)
You can't expect to never cry
(Patience is priceless)
Not when you try to fly so high

(Just stay on that line)
Rock and roll will never die
(This is no social crisis)
This is you having fun

(No crisis)
Getting burned by the sun
(This is true)
This is no social crisis
Just another tricky day for you

Another tricky day
Another gently nagging pain
What the papers say
Just seems to bring down heavier rain
The world seems in a spiral
Life seems such a worthless title
But break out and start a fire y'all
It's all here on the vinyl

(No crisis)
Just you having fun
(There's no crisis)
Getting burned by the sun

(You got no crisis)
(This is true)
This is no social crisis
Just another tricky day for you

You can't always get it
When you really want it
You can't always get it at all
Just because there's space
In your life it's a waste
To spend your time
Why don't you wait for the call

(Just gotta get used to it)
Gotta get used to waiting
(Just gotta get used to it)
You know how the ice is

(Just gotta get used to it)
It's thin where you're skating
(This is no social crisis)
This is you having fun

(No crisis)
Getting burned by the sun
(This is true)
This is no social crisis
Just another tricky day for you, fellah

Just another tricky day for you
Just another tricky day, oh, for you
Just another tricky day
Just another tricky day for you
You'll get through
