

Motoring

The Who

I say, "Hey, hey everybody
Come on let's go for a ride, motorvating
Yeah, grab your baby and
Pull her right by your side, motorvating
Go around to Main Street and
Go on right over to here, motorvating"

Yeah, we're gonna have a lot of fun
So turn your motor on yeah, and let it run
Motorvating
Yeah, motorvating

Yeah, put two hands on the wheel
Like a real good driver should, motorvating
Get out your door, then make sure
That you check your hood, motorvating
Be sure you don't drive too fast
You don't want it to be your last, motorvating

Yeah, we gonna motor all night long
And when it starts to rain turn your wipers on
Motorvating
Yeah, motorvating

You turn your motor on and rev it up fast
Put it in gear yeah
And step on the gas, motorvating
Yeah, motorvating

I said, I said, "Hey, hey, hey, everybody
C'mon let's go for a ride, motorvating
Yeah, grab your baby and
Pull her right by your side, motorvating
Yeah, yeah, we're gonna motor all night long
And when it starts to rain turn your wipers on, motorvating"

Yeah, motorvating
Yeah, yeah, yeah, come on baby
I said, "Yeah, yeah, motorvating"
