

Sing About It

The Wood Brothers

If you get to worry
What you ought to do is sing
If you get worried
What you ought to do is sing
If you get worried
What you ought to do is sing
Sing about your troubles, and it just might pass

'Nd if you get lost
What you ought to do is sing
'Nd if you get lost
What you ought to do is sing
'Nd if you get lost
What you ought to do is sing
Sing about your troubles, 'nd it just might pass
Sing about your troubles, 'nd it just might pass

Sing about your
Sing about love and hoping it lasts
Sing about your troubles
And it just might pass
Just might pass

If you get broken
What you ought to do is sing
If you get broken
What you ought to do is sing
If you get broken
What you ought to do is sing
Sing about your troubles, 'nd it just might pass
Sing about your troubles, 'nd it just might pass

Sing about your
Sing about love and hoping it lasts
Sing about your troubles
And it just might pass
Just might pass
