

Wastin' My Mind

The Wood Brothers

Wastin' my mind on you.
Wastin' my mind on you.

Makes my head spin,
Where does your love begin and end
There's no answer,
To the questions I keep askin' you.
Look at me like I'm a fool.

Wastin' my mind on you.
Wastin' my mind on you.
Wishin' my heart would've thought things through.
Wastin' my mind on you.

Sweet confusion,
Always changin' your point of view.
A fine illusion,
Keeps me hangin' on to find the truth.
Look at me I'm such a fool.

Look at the fool.
Follow true.
Yeah, look at the fool.

Wastin' my mind on you.
Wastin' my mind on you.
Wishin' my heart would've thought things through.

Well I'm wastin' my mind...
Wastin' my mind on you.
Took out the fool.
