

## Faster Gun

The Wrens

Five state-school lots  
Five girls at cost  
That thing we know  
The whole township lost, but...

Maybe it's love  
Maybe run luck  
I'll man the bed  
And hammer out love

Snow scenes level lonely bastards

Eight feet of earth  
The whole thing suddenly worth  
Faster gun  
Main motor down  
And no shot left at the crown  
Faster gun

Black jetty rock  
Rock splitter's shot  
Saddle creek stars  
I miss them a lot , but

Cable-car heights  
Cable snaps right  
Each devil out  
Out finding fights

Snow scenes level lonely bastards

Eight feet of earth  
The whole thing suddenly worth  
Faster gun  
Main motor down  
And no shot left at the crown  
Faster gun
