

# Hopeless

The Wrens

Oh no, not this time too  
I'm the only one you got to use  
And if I tell you all this could be  
Nothing more than a way to leave you  
Would you want me?

And now you're sorry  
For the things you did to me  
I want you to know  
I feel i was the one who got used  
And used to just about anything you would tell me  
But those days are more than over now

Don't you say you want me to stay  
Now you've got to get away,  
You've got to get away,  
Go find someone who wants you  
Someone to pray to  
Get on your knees to  
Lay down and please you too  
It just won't be me ever again

Hopeless that this will turn out better  
This isn't what i wanted  
I should've listened to them  
Go thank yourself for nothing  
It's really all you're good for  
And every year you wasted  
And every half-assed offer
