

## On Hold

The xx

I don't blame you  
We got carried away  
I can't hold on  
To an empty space

Now you've found a new star to orbit  
It could be love  
I think you're too soon to call us old  
When and where did we go cold?  
I thought I had you on hold

And every time I let you leave  
I always saw you coming back to me  
When and where did we go cold?  
I thought I had you on hold

Where does it stop, where does it stop  
Where do you dare me to  
You've got the body, you've got the body  
Dare me to, dare me to  
Where does it stop, where does it stop  
Where do you dare me to  
You've got the body, you've got the body

I thought I had you on hold

Where does it stop, where does it stop  
Where do you dare me to  
You've got the body, you've got the body  
Dare me to, dare me to  
Where does it stop, where does it stop  
Where do you dare me to  
You've got the body, you've got the body  
Dare me to, dare me to

My young heart  
Chance to believe  
We were destined  
Young hearts  
All need love  
Call it a lesson

The stars and the charts and the cards make sense  
Only when we want them to  
When I lie awake staring in to space  
I see a different view

Now you've found a new star to orbit  
It could be love  
I think you're too soon to call us old  
When and where did we go cold?  
I thought I had you on hold

And every time I let you leave  
I always saw you coming back to me  
When and where did we go cold?  
I thought I had you on hold

I thought I had you on hold  
I thought I had you on hold

Where does it stop, where does it stop  
Where do you dare me to  
You've got the body, you've got the body  
Where do you dare me to, dare me to  
Where does it stop, where does it stop  
Where do you dare me to  
You've got the body, you've got the body  
You've got the body, you've got the body  
Where does it stop, where does it stop  
Where do you dare me to  
You've got the body, you've got the body  
Where do you dare me to, dare me to  
Where does it stop, where does it stop  
Where do you dare me to  
You've got the body, you've got the body  
Dare me to, dare me to

And every time I let you leave  
I always saw you coming back to me  
When and where did we all go cold?  
I thought I had you on hold  
I thought I had you on hold  
I thought I had you on hold  
And every time I let you leave  
I always saw you coming back to me  
When and where did we all go cold?  
I thought I had you on hold  
I thought I had you on hold  
I thought I had you on hold
