The xx

I don't blame you
We got carried away
I can't hold on
To an empty space

Now you've found a new star to orbit It could be love I think you're too soon to call us old When and where did we go cold? I thought I had you on hold

And every time I let you leave I always saw you coming back to me When and where did we go cold? I thought I had you on hold

Where does it stop, where does it stop
Where do you dare me to
You've got the body, you've got the body
Dare me to, dare me to
Where does it stop, where does it stop
Where do you dare me to
You've got the body, you've got the body

I thought I had you on hold

Where does it stop, where does it stop
Where do you dare me to
You've got the body, you've got the body
Dare me to, dare me to
Where does it stop, where does it stop
Where do you dare me to
You've got the body, you've got the body
Dare me to, dare me to

My young heart Chance to believe We were destined Young hearts All need love Call it a lesson

The stars and the charts and the cards make sense Only when we want them to When I lie awake staring in to space I see a different view

Now you've found a new star to orbit It could be love I think you're too soon to call us old When and where did we go cold? I thought I had you on hold

And every time I let you leave I always saw you coming back to me When and where did we go cold? I thought I had you on hold

I thought I had you on hold I thought I had you on hold

Where does it stop, where does it stop Where do you dare me to You've got the body, you've got the body Where do you dare me to, dare me to Where does it stop, where does it stop Where do you dare me to You've got the body, you've got the body You've got the body, you've got the body Where does it stop, where does it stop Where do you dare me to You've got the body, you've got the body Where do you dare me to, dare me to Where does it stop, where does it stop Where do you dare me to You've got the body, you've got the body Dare me to, dare me to

And every time I let you leave
I always saw you coming back to me
When and where did we all go cold?
I thought I had you on hold
I thought I had you on hold
I thought I had you on hold
And every time I let you leave
I always saw you coming back to me
When and where did we all go cold?
I thought I had you on hold
I thought I had you on hold
I thought I had you on hold
I thought I had you on hold
