

## My Baby

The Yardbirds

And when they say that lovers feign,  
Well, to them, you know, that may be true,  
All I gotta do is call your name,  
Well then I've got,  
My baby.  
Yes I have,  
You know I've got,  
My baby.

And when I work hard each and every day,  
It don't matter not to me no more,  
All I gotta do is just call your name,  
Well then I've got,  
My baby.  
You know I've got,  
My baby.

You know I've got,  
My baby.  
Yes I have,  
You know I've got,  
My baby.

Deep, deep, deep in the heart of night,  
I lay my head down and go to sleep,  
I know everything's gonna be alright,  
Because I've got,  
My baby.  
- Yes I have.  
You know I've got,  
My baby,  
- Yes I have.  
You know I've got,  
My baby.
