

## Misty Roses

The Youngbloods

You look to me like misty roses  
Too soft to touch but too lovely to leave alone  
If I could be like misty roses  
Girl, I'd love you much 'cause you're too lovely to leave alone

Flowers often cry but too late to find  
That their beauty has been lost with their peace of mind

You look to me like love forever  
Too good to last but too lovely not to try

If I believe in love forever  
Girl, I'd forget the past, you're too lovely not to try

Flowers often cry but too late to find  
That their beauty has been lost with their peace of mind

You look to me like love forever  
Too good to last but too lovely, too lovely not to try  
If I believe in love forever  
I'd forget the past, you're too lovely not to try
