

## Pontiac Blues

The Youngbloods

I found out what my baby likes  
I found out what my baby likes  
She likes a whole lot of loving in my straight-eight Pontiac

We're moving on down the Highway number 49  
Moving down the Highway 49  
She laying back in my arms sayin': 'Daddy, ain't this show real fine?

I found out, yes it's a natural fact  
I found out, yes it's a natural fact  
My baby says: 'I like you, daddy, but I love your Pontiac'

Moving down the highway and turning bright lights on  
Moving down the highway got turning bright lights on  
Yeah, we turn on the radio, I listen the music all night long

I found out what my baby likes  
I found out what my baby likes  
Yeah, she likes a whole lot of loving in my straight-eight Pontiac

Oh, moving down on the Highway, Highway 49  
Gonna move the Highway 49, 49  
Yeah, she laying right back in my arms, she said: 'Daddy, is th is real fine?

I found out, Lord it's a natural fact, oh natural fact  
I found out, yes it's a natural fact  
Well, I like you, darling, but I want your money back
