Thee Oh Sees

Scratched up and busy, he's overrated
And he thinks, without a doubt, no one can save him
Lost in a fog and outside in
When he wishes he wish to rebegin

But that is far from the truth, at the start
He couldn't find the heart to up and bear the fruit
Scratched up and busy, he's overrated
And he thinks, without a doubt, no one can save him
Lost in a fog and outside in
When he wishes he wish to rebegin

But that is far from the truth, at the start
He couldn't find the heart to up and bear the fruit
