Tippy-toe to the front door, Mother,  
'Cause there's a guy with a long, long fuse  
And the one thing you can't hide is all the fear you feel inside  
As the fuse is spelling out these words

Hide away folk family  
Or else someone's gonna get ya (Someone's gonna get ya)  
Someone's gonna get ya  
Hide away folk family  
Better hide away

Tippy-toe to the flat-bed, Father,  
Because they're pouring out our gasoline  
And sadly the cross-eyed bear's been put to sleep behind the stairs  
And his shoes are laced with irony
