

## Say Nice Things About Detroit

They Might Be Giants

I always was the one to leave  
I had no rehearsal for this role reversal  
Say nice things about Detroit  
The way you left you were a big big jerk  
There I was anticipating  
Some kind of love I'm still waiting  
It's like it was just last week  
I tell myself but it wasn't  
Dressing up and making plans  
I'm so bad at staying friends  
Say something nice. say it again  
I'd never known a libertine but you sure were thirsty  
Then it gets all murky  
Say nice things about Detroit  
Remember standing in the doorway  
Private words and holding hands  
Can't you pretend to pretend?  
Say nice things about Detroit  
The way you left you were a big big jerk  
There I was anticipating some kind of love  
I'm still waiting  
Say something nice. say it again
