

## Alien

### Third Day

I'm what your looking for  
No need to search any more  
I'm in need of your saving  
You can give me hope  
Rescue my wretched soul  
You are the one I am praying  
I am just like the alien  
the fatherless and the widow  
Keep your watch over me  
Sustain the life in me  
Frustrate the ways of every wicked man  
Let me inside your home  
Father defend my cause  
Plead for my case and my innocence  
Just like the alien,  
I'm a stranger in a strange land  
Just like the fatherless I am in need  
of someone to take my hand  
Just like the widow,  
I need you right now to understand and  
save me  
Won't you save me
