

Gonna Be There with Me

Third Day

From the mountain to the valley
From the valley to the sea
Anywhere that I could go
Lord, it's always good to know
That You're gonna be there with me
From the deepest part of the ocean
To the farthest galaxy
Anywhere that I would roam
Lord, it's always good to know
That You're gonna be there with me
(That You're gonna be there)

I tried so hard to make it on my own
But all I could find was misery
And I was sinking fast like a stone
While the troubled waters covered me
Like a miracle, You came along
With a loving hand You rescued me
So I'm always gonna sing this song
About how I know that You are always there for me

From the mountain to the valley
From the valley to the sea
Anywhere that I could go
Lord, it's always good to know
That You're gonna be there with me
From the deepest part of the ocean
To the farthest galaxy
Anywhere that I would roam
Lord, it's always good to know
That You're gonna be there with me
(Praise the Lord piano)

From the mountain to the valley
From the valley to the sea
Anywhere that I could go
Lord, it's always good to know
That You're gonna be there with me, yea
From the deepest part of the ocean
To as far as I can see
Anywhere that I would roam
Lord, it's always good to know
That You're gonna be there with me, yea
Oh, anywhere that I would roam
Lord, it's always good to know
That You're gonna be there with me, yea
