

Dangerous Lies

Thomas Anders

Ain't looking for forever
When this moment will do
'Cause nothing could be better
Than a good time with you
But lately I'm afraid
Those times are few
Can't play a safe night with you

Give me dangerous lies
Keep tellin' me sweet alibis
Take my heart and soul
Show me dangerous lies
I wanna hear whispers and cries
Till you lose control
Just close your eyes
Dangerous lies

There's nothing wrong pretendin'
As far as I can see
The message I am sendin'
Is exactly what you need
'Cause strange as it may sound
This just might bring you back around

Give me dangerous lies
Keep tellin' me sweet alibis
Take my heart and soul
Show me dangerous lies
I wanna hear whispers and cries
Till you lose control
Just close your eyes
Dangerous lies

There's truth behind each lie
And tenderness in every touch

Give me dangerous lies
Keep tellin' me sweet alibis
Take my heart and soul
Show me dangerous lies
I wanna hear whispers and cries
Till you lose control
Just close your eyes
Dangerous lies
