

# I'll Be Strong

Thomas Anders

Chorus

I wanna leave  
The fear behind  
Run away  
And don't stop to fight

I wanna know the truth  
That we'll be always right

I will never look for  
I will never look for  
My way

Till the end of my days  
I will find my own place  
To say

I'll be strong  
I'll do it on my own

Chorus

I wanna stop  
This senseless run  
Have come undone  
I wanna reach the sky  
And try to touch the sun

If the sun is dark  
There are all the stars  
To light your way

If the night is long  
You can right on wrong  
And start the day

I'll be strong  
I'll do it on my own
