Quantum Mechanic

Thomas Dolby

Quantum Mechanic the matrix mathematic my Honda is erratic I ll show you the schematic Quantum Mechanic it s costing me a packet I know that you can hack it I wanna see you jack it - jack it - c mon now..

move move to the groove - just bust a move
get with the boogie and
sound waves in the rave - my body sways my brain is opening
deejay bomb the bass
my thoughts erase my body s booming and
feet feet feel the beat
make my own heat
now I m complete

move your body to the beat boy slide your body next to me and feel the rhythm dance with me again.

Quantum Mechanic the matrix mathematic my Honda is erratic I ll show you the schematic Quantum Mechanic it s costing me a packet I know that you can hack it I wanna see you jack it
