

Lightweight

Thomston

Face down, cold ground, how did we get to this?
Dizzy, pacing around your influence

You got me seeing double
But I can't deal with the both of you
And keeping out of trouble
Is almost impossible

(Oh) And I'm scared to say something I don't mean
(Oh) Or worse, something I do

When it comes to you
I can't keep it down
You go straight to my head
And I go straight to the ground
When it comes to you
I don't wanna drown
'Cause you make a lightweight of me, oh-ooh

Sunlight creeps in, it's all coming back to me
Tryna fill the gaps in my memory

You got me keeled over
Oh wasn't the weight of this shame enough?
And you say you're coming over
But I can't find the way to say I'm done

(Oh) I'm scared to say something I don't mean
(Oh) Or worse, something I do

When it comes to you
I can't keep it down
You go straight to my head
And I go straight to the ground
When it comes to you
I don't wanna drown
'Cause you make a lightweight of me, yeah yeah yeah yeah yeah
You make a lightweight of me, yeah-yeah
You make a lightweight of me (yeah)

So let's see if I reach my limit
'Cause when you're that close, oh, what's the difference?
I know, I know, you're toxic
But you know I know I can't help it
We both know it's a one-way ticket

When it comes to you
I can't keep it down
You go straight to my head
And I go straight to the ground
When it comes to you
I don't wanna drown
'Cause you make a lightweight of me, yeah yeah yeah yeah yeah
You make a lightweight of me, yeah-yeah
You make a lightweight of me (yeah)
