

Terra Nova

Throwing Muses

Sitting on a guardrail facing traffic jammed by highway sun
Not done
Just gone away

Nothing's perfect 'til it's better
Nothing's ok today

What kind of loser chooses a swan dive over a swan song?

You forfeit alcohol

Caffeine
Religion
Beauty and hope

Nothing's perfect but the weather
It feels like LA today

Sitting on a guardrail facing traffic jammed by highway sun
Not done
Just gone away
