

# Break My Fall

Tiěsto

Enter the room,  
You brighten the darkness my love,  
In moments with you,  
There is no end to me or beginning to you.

Move to the floor,  
The purpose combined my love,  
Like a motion of stars,  
Dynamic symmetry in mind.

Break my fall,  
I found what was missing inside you,  
Break my fall,  
Na na na na na na na

(2x)

Always with you,  
Connected by blood my love,  
The purpose fulfilled,  
You're my light in this dark, dark world.

And spoken within,  
I feel complete my love,  
The moments apart  
Creating a light in the dark.

Break my fall,  
I found what was missing inside you,  
Break my fall,  
Na na na na na na na

(2x)
