

Moment In Time

Tiffany Alvord

Sittin' on the back of your little black track
And we're laughin together, about how you got it stuck
Try to turn around on a one way dirt road
The tire dug down into a hole, a wo-o-o-oah
Sittin' talking about how much we like the view
And we're laughin at each other, for the silly things we do

And you said some sweet words, And I sang you a song
The one I wro-ote to let you know...
There's somethin' to how you say my name
The way I feel when you look in my eyes
If I could have one day, for the rest of my li-i-i-life
Yeah, there's somethin' to how you say my name
The way I feel when you look in my eyes
If I could have one day for the rest of my life...
I'd live this moment in time

I remember, the shirt I wore, with my favorite brown belt
I remember, how you made me feel what I never felt
Nothing compares to when I'm with you
Precious memories that I'll never lose, a wo-o-o-oah
I remember it was the perfect day with the perfect first kiss
I remember how it happened, I still feel it on my lips

And you said some sweet words, And I sang you a song
The one I wro-ote to let you know...
There's somethin' to how you say my name
The way I feel when you look in my eyes
If I could have one day, for the rest of my li-i-i-life
Yeah, there's somethin' to how you say my name
The way I feel when you look in my eyes
If I could have one day for the rest of my life...
I'd live this moment in time

We get lost in our own world, I forget to check my phone
And my daddy's textin me, cause I gotta get home
But, I - don't - want - to - go... Cause darlin', darlin'

There's somethin' to how you say my name
The way I feel when you look in my eyes
If I could have one day, for the rest of my li-i-i-life
Oh baby, there's somethin' to how you say my name
The way I feel when you look in my eyes
If I could have one day for the rest of my life...
I'd live this moment in time

I'd live this moment in time
In time
Yeah
