

# All Over You

Tiffany Darwish

When I close my eyes  
All I do is dream about you  
No matter where I go  
You're still there

Just when I thought I'd moved on  
I didn't love you anymore  
Now I find myself  
standing at your door

I just wanna love  
Wanna love all over  
Love all over you  
Sometimes you have to lose almost everything  
To find out what is true  
And I just wanna love all over you

I said please let me go  
So you set me free  
I didn't really know  
Who I wanted to be

Now I know our lives  
are like a work of art  
And all I'll ever need  
Is right here in your arms

I just wanna love  
Wanna love all over  
Love all over you  
Sometimes you have to lose almost everything  
To find out what is true  
And I just wanna love all over you

If you didn't love me  
You never would have let me go  
If I didn't love you  
My heart would've never led me home...

I just wanna love  
Wanna love all over  
Love all over you  
Sometimes you have to lose almost everything  
To find out what is true  
And I just wanna love all over  
I just wanna love all over  
I just wanna love all over you

I'm in love all over you...
