

Crazy Girls

Tiffany Darwish

She knows my dirty little secrets
I know exactly where she keeps her loaded gun
I know she likes to drink on sundays
She knows enough to know the moment i come
undone

It's time to pick a spot on the map
Fill the tank and don't look back

Coz that's what crazy girls do
Not afraid to jump off a cliff or two
We're gonna drive fast, drink hard
Leave a trail of broken hearts
Bring the boys to their knees
Like Thelma And Louise

Gonna start a little trouble
And gonna leave my man till monday night
Dressed in black she's got my back
She ain't afraid to jump when we cross that line

Coz that's what crazy girls do
Not afraid to jump off a cliff or two
We're gonna drive fast, drink hard
Leave a trail of broken hearts
Bring the boys to their knees
Like Thelma And Louise

Sign says slow down
Road closed up ahead
I say we turn around!
I say we speed up instead!

Coz that's what crazy girls do
Not afraid to jump off a cliff or two

Coz that's what crazy girls do
Not afraid to jump off a cliff or two
We're gonna drive fast, drink hard
Leave a trail of broken hearts
Bring the boys to their knees
Like Thelma And Louise

Thelma and louise... crazy girls

That's what crazy girls do, crazy girls do
Crazy girls like me and you!
