

Good Enough For Me

Tiffany Darwish

Sometimes I like to sit and watch the clouds for hours
It's just so extra-ordinary
Standing in the pouring rain just because it's raining
It's all so fascinating

All that I need is what I see or rather what I feel
You believe what you wanna believe
And that's alright with me

And that's alright to feel what you're feeling
You know it makes no difference to me
And I don't mind, I don't need no reason
If it's good enough for you it's good enough for me

And if I told you I could see what you can't see
Would you say it's my imagination?
'Cause what is real is only your reality
It needs no explanation

All that I need is what I see or rather what I feel
You believe what you wanna believe
And that's alright with me

And that's alright to feel what you're feeling
You know it makes no difference to me
And I don't mind, I don't need no reason
If it's good enough for you it's good enough for me

Sometimes it's hard
To know which way to go
Just when you think you won't figure it out
You'll know

Sometimes I like to sit and watch the clouds for hours
It's just so extra-ordinary
Standing in the pouring rain just because it's raining
It's all so fascinating

Sometimes I like to sit and watch the clouds for hours
Standing in the pouring rain just because it's raining

All that I want is what I see or rather what I feel
Rather what I feel
Do you feel like I feel?

All that I want is what I feel
Do you feel like I feel?
Do you feel like I feel?
Do you feel like I feel?
