

# Here on Earth

Tim McGraw

Daddy's meet mommas  
On a saturday night  
Buy em a corona  
In the blink of an eye  
There's a ring on a finger  
They're throwing  
Parking lot rice  
Then you're standing  
In the kitchen  
And there's two pink lines  
Nine months later  
You're breathing  
And you're the reason  
They're here on earth

It's like we open our eyes  
For the very first time  
When we find out why  
We're here on earth  
(Here on earth)

The drunks get sober  
And poets get drunk  
Wonder years wonder  
Guitars get strummed  
We all need dreams  
Worth dreaming  
Somethin' to believe in  
Here on earth

It's like we open our eyes  
For the very first time  
When we find out why  
We're here on earth

I was a book  
Full of questions  
Heart full of doubt  
I send em up to heaven  
Answers never came down  
'Til they did one night  
Maybe loving you's why  
I'm here on earth  
(Here on earth)

It's like we open our eyes  
For the very first time  
When we find out why  
We're here on earth  
(Here on earth)  
It's like you opened my eyes  
For the very first time  
Yeah lovin you's why  
I'm here on earth (here  
On earth, aye aye aye)

Here on earth

Yeah lovin' you's why  
I'm here on earth  
(Here on earth, hey)
