## **One of Those Nights**

**Tim McGraw** 

She's getting dressed up, putting on that lipstick Shimmy shaking, right into them cut-offs baby, oh yeah You're getting off work, cashing out that paycheck Gotta change that shirt and pick that girl up on her front step Here she comes now looking so fine You've been waiting on this night for such a long, long time

She slides in and you roll down Main Street, You turn right when that red light turns green Sun sets now, you're half way to heaven She picks a song, you turn it up to 11 You say, "Do you wanna?" and she says, "Hell, yeah" So you hit the party, all your buddies are jealous

Someday you'll be looking back on your life At the memories, this is gonna be one of those nights

Crowded backyard, everybody's laughing Kinda party, next week you'll say I was there when it happened Coming up on midnight, bout time to get gone And then the DJ starts to play your favorite song You slow dance for 3 minutes or so, and then she whispers, "Baby, let 's go."

And when she slides in and she gives you the green light You hold off 'til you turn on the headlights

Someday when you're looking back on your life At the memories, this is gonna be one of those nights Yeah, one of those nights

Full moon through a crack in the windshield You hold her close and you'll never forget how her heartbeat feels No, you never will

'Cause someday when you're looking back on your life At the memories, this is gonna be one of those nights

Yeah, one of those nights One of those nights Yeah, one of those nights One of those nights, oh One of those nights This is gonna be, hey This is gonna be One of those nights Oh, oh
