

So Much Better

Tinashe

Don't forget what I told ya
No one gon' love like I love ya
Hit you, 4 AM
Bad bitch, I don't give a fuck about your ex thing
I'ma show you things, make it worth the wait
Don't go
Bad bitch, I don't give a fuck about your girlfriend
Listen, this infatuation, gotta keep it going (I love it)
Dripping with anticipation, every night I need it (I love it)
I'ma sit on top of your face like fuck a conversation (I love it)
Don't you keep me waiting, nigga
Bad bitch, I don't give a fuck about your next thing

So much better, I'll love you better, yeah
Kiss you better, I'll touch you better, yeah
Treat you better, I'll fuck you better, yeah (So much better)
So much better, I'll make you better, yeah

Tongue kissing, end up on the floor with it
Don't miss it, watch me, how I'm gon' flip it
Soul sipping, gettin' wet, you goin' swimming
No limit, you gon' fall in love with it
Fuck with it, I put my trust in it
Grab it from the top, just adjusting it
Tryna get more, he was just in it
Do it so good, call me one minute
Hit your line when I want to
Hit decline when I'm over ya
'Cause I got you in the bag
Bad bitch, I don't give a fuck about your ex thing
Maybe catch a red-eye
I don't even think twice
'Cause that's mine
Bad bitch, I don't give a fuck about your girlfriend

Tinashe (Yeah?)
It's been a long time coming
Could tell you needed dick, you spent a long time cumming
We went four rounds, spent a long time fucking
I rather stay inside with you than all night clubbing, (Okay)
I sent you from a distance, said, "I got a plan"
And I don't give a fuck if you got a man
Makin' up for missed time, covered a lot of land
I'm in a 'Rari, I'ma get you off with my hand, yeah
I'ma take it slow, nothing to rush into
The whole world knew I always had a crush on you
When I leave the studio, swear I'm fucking you
I mean for real, Tinashe, let's leave here right now

So much better, I'll love you better, yeah
Kiss you better, I'll touch you better, yeah
Treat you better, I'll fuck you better, yeah (So much better)
So much better, I'll make you better, yeah

When you finally fall apart
Find the one, would you let it go?
If I trade you gold

Would you fight for what you want, baby?
Would you fight for what you want?
Heal her soul, soul, soul, oh
Would you fight for what you want?
When you finally fall in love, baby
Would you let it go?
Would you sell your soul?
