

It snowed and I felt really cold so bitterly cold I sold my soul
I sell my soul wish you could cure me and send me far away a
hopeless journey the dead cast away I'm dancing on the lawn I'm
standing on the moon I'm hanging by the claw I hate to see you
lose the laughter kills the air the ladder climbs the stairs I
wander where you are I wonder where you are can't you hear me
I'm calling you can't see clearly I'm falling through I need so
meone to take me away so far away so far away so far away let it
go right at dawn I'll hit you again ten times as hard I misse
d you my freind saddle up ride em high saddle up shoot him in t
he eye saddle up ride em high set him up shoot you in the eye y
ou're so vain inhuman as f**k you have no name just stupid f**k
you should die you could be dead I'll finish singing this and
take your head not a word not a sound you can't hide under grou
nd blackest sea book of death cast the stone you'll be dead fis
t of gold fist of fire speak these words feed the fire say thes
e words feel the fire hand in hand be the fire love saves you s
take your claim the game is ending you can't keep your word you
can't keep your word you can't keep your word I can't reject I
can't return you just can't respect you I do not want to burn
say it live it live your life with courage sometimes even you c
an be yourself some of the time
