

Rise

Todd Rundgren

Plans to make and facts to face
There ain't no future in this place
Time's ticking away, time keeps ticking away [x2]
If we don't rise, then we will fall [x2]

We don't need an excess of caution
Doing nothing is not an option
Time's ticking away, time keeps ticking away [x2]
If we don't rise, then we will fall [x2]

Time's ticking away, time keeps ticking away [x3]
Time's ticking away
Time's ticking away, time keeps ticking away...
If we don't rise, then we will fall...
