## **Break Away**

## **Tokio Hotel**

I've got other plans today
Don't need permission anyway
Here we're standing after all
With my back against the wall, against the wall

I put all the blame on you
'Bout me in all that I went through
You don't give me any choice
Now, I'm gonna make some noise, make some noise

I feel so claustrophobic here Watch out, now, you better disappear You can't make me stay I'll break away, break away

I'm warning you, don't follow me I won't miss you, can't you see What you wanted, it didn't work Go on digging in the dirt, in the dirt

Cold sweat on your brow

Now, you can hear me shout

The world is about to destruct

Now, I'm gonna pull the plug, pull the plug

I feel so claustrophobic here Watch out, now, you better disappear You can't make me stay I'll break away, break away

No one counting all your lies No more waiting for your goodbyes It's too late, much too late

You are like a bitter pill
That I had to take against my will

I feel so claustrophobic here Watch out, now, you better disappear You can't make me stay I'll break away, break away

I feel so, claustrophobic here Watch out, now, you better disappear You can't make me stay I'll break away, break away Break away, break away
