

# Humanoid

Tokio Hotel

Against love  
Against the fight  
Against the sun  
Against the night  
Against the rules  
Against the force  
Against the wall  
Against it all

I'm humanoid  
I'm humanoid

Gimme life  
Gimme air  
My heart beats on  
But I don't care  
I hunt my shadow  
But it's too fast  
Gimme more, gimme more  
Can't get enough

I'm humanoid  
Oh, I'm humanoid  
Oh, I'm humanoid  
Fade to black  
I'm humanoid  
Won't you come back

Take me away  
Release the pain  
I caught myself in  
Too many worlds  
Position unknown  
Loneliness hurts  
Hold me  
I'm drowning  
Hold me

I'm done with systems  
I'm done with reasons  
I'm done with questions  
I'm done with healing  
Done with bleeding  
I'm done

I'm humanoid  
Oh, I'm humanoid, oh  
Fade to black  
I'm humanoid  
Won't you come back

Take me away  
Release the pain  
Don't wanna be the same tomorrow

I caught myself in  
Too many worlds

Position unknown  
Loneliness hurts  
Hold me  
I'm drowning  
Hold me

Gimme something  
I can feel and show me something  
I can see  
Hold me  
I'm drownin'  
Hold me

Against love  
Against the fight  
Against the wall  
Against it all
