

Love Is Dead

Tokio Hotel

I hold your letter in my frozen hand
The last line was long as long as it burns my look carries on
With every word another feeling dies
I'm left here in the dark
No memories of you
I close my eyes

It's killing me
We die when love is dead
It's killing me
We lost a dream we never had
The world in silence should forever feel alone
Cause we are gone & we will never overcome
It's over now

Vultures are waiting for what's left of us
What can we take?
It all has no worth if we lose our trust
They're coming closer, want me & you
I can feel their claws
Let me go now
Try to break free

It's killing me
We die when love is dead
It's killing
We lost a dream we never had
The world in silence should forever feel alone
Cause we are gone & we will never overcome
It's over now
Now, now
It's over now
Now, now,
It's over now
It's over now
It's over now

Vultures are waiting for what's left of us
Taking the last of you & the last of me.

It's killing me
We die when love is dead
It's killing me
We lost a dream we never had
The world in silence should forever feel alone
Cause we are gone & we will never overcome
It's over now
Now, now
It's over now
Now, now
It's over now
It's over now
