

# Hercules

## Tokyo Police Club

Might remember all the books I never read  
Might remember all the looks I never said  
I'm not ready  
I'm not ready

Don't forget that you're not like the other kids  
Don't forget that doesn't matter what you did  
I'm not ready  
I'm not  
No

Hey Hercules  
It don't work for me  
Hey Hercules  
I know your tricks

So don't forget that you didn't always turn your back  
Don't forget that you are laying your own track  
I'm not ready  
I'm not ready  
Ooh

Maybe someday I will meet her on the way  
Maybe someday she will hear the words I say  
I'm not ready  
I'm not ready

Hey Hercules  
It don't work for me  
Hey Hercules  
I know your tricks  
I know your tricks

Oh it's just like  
That one dance

Hey Hercules  
It don't work for me  
Hey Hercules  
I know your tricks  
I know your  
Hey  
Aaahhh
