

Bananas

Tom Paxton

I am buying bunches of bananas
They are turning yellow in the sun
I will hang bananas out to ripen
I will eat bananas one by one
On my cereal I will slice them bananas
Splash them bananas
Squish them bananas
Mix 'em up with peanut butter
I love bananas
I believe bananas love me
Teacher found another ripe banana
She was so surprised that it was there
Teacher found another ripe banana
When she went to sit down in her chair
On my cereal I will slice them bananas
Splash them bananas
Squish them bananas
Mix 'em up with peanut butter
I love bananas
I believe bananas love me
Who doesn't like bananas
Nobody
What are bananas for
All I ask is a couple of bananas
And then maybe just one or two more
On my cereal I will slice them bananas
Splash them bananas
Squish them bananas
Mix 'em up with peanut butter
I love bananas
I believe bananas love me
Who doesn't like bananas
Nobody
What are bananas for
All I ask is a couple of bananas
And then maybe just one or two more
Larry got so very acrobatic
Arms were going like a spinning wheel
Larry got so very acrobatic
Stepping on a ripe banana peel
On my cereal I will slice them bananas
Splash them bananas
Squish them bananas
Mix 'em up with peanut butter
I love bananas
I believe bananas love me
Mix 'em up with peanut butter
I love bananas
I believe bananas love me
