Morning wonder, day on the way Don't suppose they'll be clouds today Feel that silence Hear it starts to hum Glory, let the new day come Morning, let me find you a rose Wonder if my love for you shows I could tell you If you've got the time Glory, let the morning shine Let it shine on me Let it shine on you Shine on you Make it fine to be Here alone with you Loving you Morning, see the last star fade Morning, I'm so glad I stayed Who could tell us Where the love came from Glory, let the morning come Let it shine on me Let it shine on you Shine on you Make it fine to be Here alone with you Loving you Morning, see the last star fade Morning, I'm so glad I stayed Who could tell us Where the love came from Glory, let the morning come Who could tell us Where the love came from Glory, let the morning come
